

2005 - 2006 School Year

REQUIRED STANDARDS OF IMMUNIZATION FOR DAY CARE ATTENDANCE

Minimum Immunization Requirements for Day Care Attendance

Pursuant to Section 44-29-180 of South Carolina State Law, children less than six years of age who attend a licensed public or private child day care facility or a registered church or religious child day care facility must present to the day care facility a South Carolina Certificate of Immunization (DHEC form 1148), which assures they are "up-to-date" or "catching-up" on the childhood immunizations recommended and routinely provided by the South Carolina Department of Health and Environmental Control (DHEC).

Minimum Immunization Requirements for the Final Certificate for Day Care Attendance¹

Also pursuant to Section 44-29-180 of South Carolina State Law, DHEC has declared the following required standards of immunization necessary for a child to receive the final immunization certificate for day care attendance in South Carolina.

Four (4) doses of any combination of DTP, DT, DTP-Hib, or DTaP vaccine.

Three (3) doses of any combination of oral or inactivated Polio vaccine.

Three (3) doses of Hepatitis B vaccine if born on or after January 1, 1992.

Current, age-appropriate Haemophilus influenzae type b conjugate vaccination according to the current Recommended Childhood Immunization Schedule, United States - approved by the ACIP, the AAP, and the AAFP.

One (1) dose of Rubeola (Measles) vaccine received on or after the first birthday.

One (1) dose of Rubella (German Measles) vaccine received on or after the first birthday.

One (1) dose of Mumps vaccine received on or after the first birthday.

One (1) dose of Varicella (chickenpox) vaccine received on or after the first birthday for any child born on or after January 1, 1999.

¹Minimum requirements for a final certificate for day care attendance should not be confused with the Recommended Childhood Immunization Schedule as published by DHEC and approved by the Advisory Committee on Immunization Practices (ACIP), the American Academy of Pediatrics (AAP), and the American Academy of Family Physicians (AAFP).
